2nd AOCMF International Symposium on Orthognathic Surgery

Program

May 13th–15th 2010, Vienna, Austria

2010

Foreword

Dear Colleagues,

It is our pleasure to announce our second International Symposium on Orthognathic Surgery under AO patronage, held in Vienna, May 13th–15th, 2010.

As our symposium, held in April 2008, was a big success with a lot of positive echo around the globe, we were encouraged to organize another similar scientific meeting. Our aim again is to gather a group of experts and interested surgeons in the field of orthognathic surgery and to exchange experiences in a fruitful discussion. We have chosen a pleasant environment, the Billroth House, where discussions between famous doctors of the Viennese School of Medicine were tradition, centuries ago.

Luckily, we can offer a list of well known speakers in the field of Oral and Maxillofacial Surgery of our century, again.

The scope of presentations is wide and we hope that no questions will be left open.

At the end of the symposium we will have a panel where we will design treatment plans in high sophisticated cases, taking the opinions of different experts in consideration.

Besides the intense scientific exchange of thoughts you will be able to enjoy the Viennese way of life at a „Heurigen Evening“ together or if you want, experience one of the beautiful concerts, theatres or the opera in Vienna. Just combine work with fun on this prolonged weekend, and Vienna is the place!

We are waiting for you!

Rolf Ewers, MD, DMD, PhD

A handwritten signature in black ink, appearing to read "Gabriele Millesi".

Gabriele Millesi, MD, DMD

Course Objectives

By completing this course the participants will

- gain not only theoretic know – how about essential topics in orthognathic surgery but they can
- take advantage of an exchange of opinions of experienced surgeons and a lot of practical advices
- design treatment plans in difficult cases in the final panel session

Target Audience

- Maxillofacial surgeons
- Orthodontists
- Surgeons of related disciplines

Accreditation

The 2nd AOCMF International Symposium on Orthognathic Surgery is under the scientific endorsement of the European Association for Cranio-Maxillofacial Surgery EAMFS and the Medical University of Vienna.

Accreditation will be given with the certificate.

Mission Statement of AO Education

Our mission is to continuously set standards in postgraduate medical education and to foster the sharing of medically guided expertise in a worldwide network of health-care professionals to improve patient care in trauma or disorders of the musculoskeletal system.

AO Course Objectives in general:

- to broaden the knowledge and comprehension of operative fracture treatment according to the level of education or speciality
- to assist in decision making as to the optimal treatment modality according to the AO Principles
- to learn about the latest developments in research and clinical investigation
- to become acquainted with new techniques and technologies as well as alternative approaches in fracture treatment
- to improve the manual skills by practicing on different bone models
- to understand the evolution of AO Philosophy and Education - what is new and what is still valid as well as the rationale behind any changes

Chairpersons & Faculty

Chairpersons

Ewers Rolf, MD, DMD, PhD

Head of Department for Cranio-Maxillofacial and Oral Surgery
Medical University of Vienna (MUW)
A-1090 Vienna, Waehringer Guertel 18-20

Millesi Gabriele, MD, DMD, Assistant Professor

Department for Cranio-Maxillofacial and Oral Surgery
Medical University of Vienna (MUW)
A-1090 Vienna, Waehringer Guertel 18-20

Invited Faculty

Acero Julio, MD, DMD, PhD

Department of Maxillofacial Surgery
Gregorio Marañon University Hospital
Madrid, Spain

Obwegeser Joachim, MD, DMD, PhD

Department of Maxillofacial Surgery, Universitätsspital Zürich
CH-8091 Zuerich, Frauenklinikstrasse 24

Rasse Michael, MD, DMD, PhD

Klinische Abteilung für Mund-, Kiefer- und Gesichtschirurgie
Universitätskliniken LKH Innsbruck
A-6020 Innsbruck, Maximilianstrasse 10

Reynecke Johan P., MD, DMD, PhD

Centre for Orthognathic Surgery and Implantology,
Sunninghill Hospital, University of the Witwatersrand
Johannesburg, South Africa

Tomasetti Boyd J., DMD

Rocky Mountain OMS
7889 S. Lincoln Court, Suite 201, Littleton CO 80122, USA

Faculty

Invited Faculty

Triaca Albino, MD, DMD

Klinik Pyramide am See

CH-8034 Zuerich, Bellerivestrasse 34

Tuinzing Bram, DMD, PhD

Department of Oral and Maxillofacial Surgery

NL-1007 MB Amsterdam, PO Box 7057

Umstadt Horst, MD, DMD, PhD

Klinik für Mund-, Kiefer- und Gesichtschirurgie, Klinikum Ludwigshafen

D-67063 Ludwigshafen, Bremerstrasse 79

Undt Gerhard, MD, DMD, PhD

Department for Cranio-Maxillofacial and Oral Surgery

Medical University of Vienna (MUW)

A-1090 Vienna, Waehringer Guertel 18-20

Wangerin Konrad, MD, DMD, PhD

Zentrum Plastische Chirurgie, Marienhospital Stuttgart

Department for Oral-Maxillofacial Surgery

D-70199 Stuttgart, Boenheimstrasse 37

Watzke Ingeborg M., MD, MDM, PhD

Department of Oral and Maxillofacial Surgery, Donauspital der Stadt Wien

A-1220 Vienna. Langobardenstrasse 122

Wolford Larry M., DMD, Clinical Professor,

Department of Oral and Maxillofacial Surgery,

Texas A&M University Health Science Center Baylor College of Dentistry,

Baylor University Medical Center

Dallas, TX

Thursday, May 13th, 2010

DAY 1

12:00	Registration	
12:30	Opening	
12:40	Functionally induced deformities of the maxilla and the mandible, and their treatment.	Obwegeser
13:20	Discussion	
13:25	Stability in Orthognathic Surgery: 40 years of relapse preventing measures.	Tuinzing
13:55	Discussion	
14:00	General considerations on fixation techniques in Orthognathic Surgery.	Acero
14:20	Discussion	
14:25	News of the Pyramide Clinic in Zurich I: Soft tissue considerations in Orthognathic Surgery.	Triaca
15:05	Discussion	
15:10	Coffee Break	
15:30	Genioplasty: treatment planning and management of complications.	Watzke
16:10	Discussion	
16:15	Upper airway obstruction and sleep apnea: Diagnosis and management.	Wolford
17:15	Discussion	
17:20	Complications in orthognathic surgery.	Tomasetti
17:50	Discussion	
17:55	End of Day 1	
19:30	Evening at the „HEURIGEN“	

Friday, May 14th, 2010

DAY 2

09:00	Avoiding relapse in class III patients: Surgical considerations.	Acero
09:20	Discussion	
09:25	Minimal invasive therapies in the TMJ in dysgnathic patients.	Undt
10:00	Discussion	
10:05	Clockwise or counterclock, that is the question . . .	Tuinzing
10:30	Discussion	
10:35	Coffee Break	
10:55	The role of TMJ pathology in the development of dentofacial deformities: Diagnosis and treatment protocols.	Wolford
12:55	Discussion	
13:05	Lunch Break	
14:05	Rotation of the maxillo-mandibular complex.	Reyneke
14:45	Discussion	
14:50	Vertical distraction in class II patients.	Wangerin
15:30	Discussion	
15:35	Coffee Break	
15:55	The importance of the occlusal plane in Orthognathic Surgery.	Rasse
16:35	Discussion	
16:40	Success in Orthognathic Surgery by using Botolinum.	Umstadt
17:40	Discussion	
17:45	End of Day 2	
19:30	Faculty Dinner	

Saturday, May 15th, 2010

DAY 3

09:00	News of the Pyramide Clinic in Zurich II: New development in the technique of the chin wing.	Triaca
09:35	Discussion	
09:40	Correction of transverse dentofacial deformities.	Reyneke
10:20	Discussion	
10:25	Coffee Break	
10:45	Orthognathic Surgery in Cleft Patients.	Obwegeser
11:20	Discussion	
11:25	Panel of Experts: 4 difficult cases will be solved by experts, different treatment plans will be discussed.	
~13:15	End of the Symposium
